1. __Full Stack Developer__

Vervendo.com is an online booking platform that helps travellers to book accommodation, activities and experiences with a smart, easy and cool way.

We are looking for a remote Full Stack Developer to join our energetic and strong team, who is passionate about web development and loves impact in his/her work.

What will you do?
You will work from the comfort of your home/office/favourite coffee shop and deliver milestones on a weekly schedule. You will work closely with the rest of the team to develop new features and improve the existing web application, for both the front-end and the back-end.

Required skills
- HTML/CSS
- Javascript
- Angular 2.0
- RESTful web services
- Java/JavaEE
- PostgreSQL

Furthermore, it would be beneficial if you have experience in
- AWS
- Linux
- SOAP
- Glassfish
- Git/GitHub

We are always looking for awesome people to join our team! If you feel that you have what it takes, send your CV at o.loizidis@vervendo.com.
